

EXPLORE SOUTHERN MALAWI

Do you want to explore other places in Southern Malawi without having to worry about organising your trip? Pakachere can take care of it. The only thing you need to do is tell us where you want to go and when. We'll book it for you!

Because some people want to spend more money than others, we have made different packages for you to choose from. There is a budget option and one with more comfort. Feel free to discuss this with us if you want certain things to be arranged in another way. Whatever is included is mentioned. If it is not mentioned, it is not included. Of course you can get it cheaper if you organise it yourself.

CAPE MACLEAR

A place to enjoy and relax on the lake with stunning sunsets only 3,5 hours away from here. Situated at the southern side of Lake Malawi, this lakeside town has a lot to offer. There are lodges, restaurants (ice cream!), bars and lots of lake activities to choose from. We are working together with Mgoza Lodge & the Funky Cichlid to offer you a great stay over there..

BUDGET (@Funky's – party place)

- 2 nights in a dorm bed
- transport there and back to Zomba

110 USD / person*

COMFORT (@Mgoza –quieter)

- 2 nights in a double room
- transport there and back to Zomba

200 USD / person*

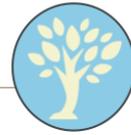

You can make a stop along the way at Liwonde for a 2-hrs boat safari (10AM or 2PM) for \$50 extra per person. Please book at least 24hrs in advance.

Some tips for Cape Maclear:

- The guide association has standard prices; they cannot ask more but you can negotiate lower prices. A trip to Thumbi island and Otter's Point (incl snorkelling and maybe a lunch on the island) is recommended!
- The water is quite dirty; buy & drink bottled water (also for brushing your teeth)
- Swimming in the lake is fine; just take pills against bilharzia 8 weeks after your last swim. They are for sale in most pharmacies in the country.
- Please do not give any money, bottles or sweets to children; everything in Cape Maclear is recycled and made into souvenirs to support the local community. Don't believe the kids when they want you to sponsor their football tournament (it is not true)
- The children's bands on the beach are cute. If you want them to play, please do not give more than K200-1000 for them to share. K1,000 is a day's salary for a grown-up..
- Funky's has a great fish curry and Liz & Nate are lovely hosts! Mgoza's food is cheap & very good. The garden with the pool is the best place to relax. Thumbi iView is great place for sundowners and they have the best sunset cruise on a catamaran (\$15 per person).

When choosing the light hike, you stay at Likhubula Hiker's Nest for 2 nights. After your night there, you get to explore the mountain by hiking up to the waterfalls with a guide. MULANJE MOUNTAIN

For big mountain trips (more than 2 days), we recommend to organise a guide (& porter) in Mulanje. Start your trip at Likhubula Hiker's Nest and go up from there. Mulanje is great and you can easily spend 3 nights or more on the mountain in the huts.

Budget transport is possible; with the minibus either via Lime or via Phalombe. In a taxi it will take 1,5-2hrs. On a minibus it will probably take at least 3 hours.
